Information Letter no. 06-2021

EFC U-23 European Championships

Dear Member Federation,

In 2019 the EFC Congress in Düsseldorf attributed the right to host the 2021 U-23 European Championships to the Italian Fencing Federation (FIS).

We are currently reviewing the process and actual status of preparations for the event scheduled on May 29-June 2, 2021.

Considering the various scenarios and possible developments of epidemiological situation and relevant restrictions in Europe and certain countries it has been agreed to launch a survey with the purpose to seek the opinion of EFC Member-Federations and rely your feedback in further proceedings in the context of preparations for the U-23 Championships.

Considering the above, you are kindly requested to discuss internally and duly complete the questionnaire below within 48 hours.

Link to the survey:

Your feedback and information will enable the local organizers to coordinate their efforts with the EFC Executive Committee and take the appropriate decisions in a timely and most efficient manner.

Best Regards,
